

# Vanguard®

## Open Head Plastic Drums

- Rigid one-piece, blow molded body.
- Injection molded, HDPE lid with gasket.
- Two sidewall rolling hoops permit side rolling and provide protection for labeling.
- Unique lever locking mechanism for easy lid removal.
- Strong, durable and robust to support double stacking.
- Puncture resistant. Protects valuable loadings.
- Weather resistant for outside storage. Rustproof.
- Recyclable, reusable.
- Collection and reconditioning through National Container Group.
- Strong design allows for multi-purpose and international shipping.
- Designed in accordance with NIOSH recommendations.
- Eliminates rusting, denting and lining failures.

### DESCRIPTION
